

5mm

a print safe border of Smm around the electrimient you and a print safe border of Smm around the edge of your artwork. Here you should not add any text, logos or important graphic design which may be not printed as you'd expect during the production process due to how print is rendered onto the label stock.

աաց

5mm

Please ensure your artwork contains 3mm of 'bleed' outside the print artwork size on all edges.

75mm

Outside of Label Zone [Bleed]

No Text or Critical Graphic Zone

Safe Print Zone
